

Fuse Rail is dedicated to the quality policy that will ensure that it's commercial rail sector related electrical and mechanical services and related operations fully meet the requirements of its clients at all times.

The goal of the company is to achieve a high level of client satisfaction at all times. Commitment to understanding the context of the business, implementation of supporting managerial and business operational systems is essential to realising that goal. Consideration of interested parties and risk management are essential factors for the ongoing development of the company.

Fuse Rail believes in the concept of client and supplier working together in pursuing this policy and in continually striving for improvements in its management of electrical, mechanical services, quality and safety. Ensuring that legal obligations and commitments are fully maintained.

The quality policy is based on 3 fundamental principles:

- Ensuring that we fully identify and conform to the needs of our clients.
- Looking at our service provision processes, identifying the potential for errors and taking the necessary action to eliminate them.
- Everyone understanding how to do their job and doing it right first time.

This policy is developed in conjunction with the company's policies to ensure continuity of obligations.

The company accepts the responsibility:

- To ensure that the policy is successfully implemented, staff will be responsible for identifying client requirements, and ensuring that the correct procedures are followed to meet those requirements.
- Ensure objectives needed to ensure that the requirements of this policy are met and that continual improvement is maintained in line with the spirit of the policy, will be set, determined and monitored at Management Review.
- Ensure the quality policy principles and objectives will be communicated and available to staff at all times. Training will be an integral part of the strategy to achieve the objectives.
- Ensure all necessary certifications and accreditations to ensure compliance.

Within this Policy we are committed to operating our Company under the disciplines and control of a Quality Management System conforming to the International Standard ISO 9001:2015, planned and developed jointly with our other management functions.

We are all committed to operating to this standard for business improvement and we will maintain the necessary Quality Approvals consistent with our client requirements.
